# CORVETTE CLUB OF NOVA SCOTIA

VOLUME 2009, ISSUE 4

JULY 2009

## Presidents Message

Hello everybody, we have just entered our busy time of the Corvette season. From here on in to the end of August, and for some of us, until the middle of September every weekend has something.

Since our last newsletter we have had two great events and an "of interest" to Bar Harbor. Gary & Marilyn Meade hosted the event on May 24. Fourteen Corvettes made the run. The weather was overcast with some sun. Gary and Marilyn did a great job of keeping everybody together. Gary took us to the SS Atlantic Memorial site. Most of us did not even know about it, what a beautiful location and Gary's commentary there and the walking tour of Peggy's Cove was informative and interesting. Gary had pictures of how Peggy's Cove looked in the 1930's and gave us an insight into how things have changed, and

more important, how most has remained the same. Supper was at Lefty's Road House, food was great, service was very good. Gary is willing to put on another run next year, we will all look forward to it.

Our next Club event was Corvette Mania at MacDonald Pontiac in Moncton, June 6th. We had a few people call us early in the morning saying it was raining in Halifax and that they would not be going, Debbie told them that the weather was good in Wentworth and the weather channel said that Moncton was going to have very good weather, but they decided to stay home.

We had 10 Corvettes at the show. Peter & Daughter 2000 Red, Alain & Mary-Jane 1979 Grey, Brian & Debbie 1980 Red, Ross & Carla 1979 Green, Beverley 1974 White, Rick & Brenda 1992 Aqua, Dan & Bailey 1997 Green, Jamie 07

Black, Les 06 Silver, Robbie & Darlene 1984 Yellow. This was one of our biggest turn-outs for C-3's. They had 83 Corvettes registered. That does not include any of Doug's Corvettes. We ran into sunshine in Amherst. It was 22 degrees and sunny in Moncton. Just perfect weather for a show. Doug gave out a hat and a t-shirt to every Corvette and the prizes that Doug gave as trophy's were great. Jackets, custom car covers for a C6 Z06 just to name a couple. The BBQ at the show was busy all day long and raised \$1000.00 which Doug matched. Thanks Doug for another great show and we look forward to next years. I would like to thank everyone again for supporting the club with your participation. It's the people not the cars that make the club work.

Brian

## Notes From the Editor

Check it out ! A whole issue dedicated to the fun we have in the summer months with the corvette club.

Tim and I had such a fantastic time attending the Vettes of Coastal Maine show that I decided to let everyone know what a great time

we had and brag about all the **awards** our club members picked up.

Check out our sponsor Page!

We have a new sponsor: DanMac Construction.

Please send me your questions, notes and articles of interest.

The deadline for the next newsletter is July 3rd.

My contact info is on the front page.

Enjoy!!

**Kim**

## View from the Second Level

Hello fellow Corvetters.

Now, we begin the busy part of our season.

The next two months are filled with many events that everyone can enjoy, and hopefully if the previous years are any indication of their success, we will have a very enjoyable summer.

For those of you that have participated in the past, do these memories ring a bell.....

- **the beautiful warm sunshine on the waterfront at Bishop's Landing last year** ( no wait – it was a cold rain all day and we sat in a coffee shop to get warm, but we did swap some great stories)

- **anticipating only a few corvettes for the Sackville Kinsmen Show**, and we were overwhelmed with

the turn out. Anything that supports the MS Society and the Children's Trust Fund is a worthwhile event. This show is local, and since we ( Tim and Kim ) will be hosting a BBQ after the show, we are hoping to get many more members this year.

- **all the events at the Moncton Nationals.**

Walking around downtown on Main St. on Friday afternoon in the hot sun ogling all the beautiful cars.

Sitting on the outside patio of a restaurant/bar on both Friday and Saturday nights with friends, watching the cars cruise up and down the street while enjoying a cold beverage and a hot meal.

Watching a long string of corvettes cruising down Main St.

- **Maritime Meet.** The sun seems to always find a way to come out.

Since this could be our final year at Stuart's, I think we should honor our host with a record turn out.

There aren't many weekends without something going on for the balance of the summer. Please try to set some time aside to support our club by attending what you can. Our season is short, but the friends you make and the memories you take away will stay with you for a lifetime. ( or at least throughout the long cold winter – I know, I know. I shouldn't even be mentioning “winter” since we haven't even made it to summer yet. )

Happy cruising

**Tim**

### Did You Know?

In 1979 sales of the C3 soared to 53,807 units. A record for single year Corvette sales that still stands today. Go GM!!!

## Club Members Big Winners in BarHarborville 2009

On May 28<sup>th</sup>, five cars left Elmsdale bound for Bar Harbor Maine, to attend the Vettes of Coastal Maine's Margarita's in BarHarborville Weekend. Ellery & Anita Oicle, Dan & Allan MacAskill, Alain & Mary Jane Tremblay, Mark & Sherree Poirier and Tim & I. Our tour guides for this trip were Alain and Mary Jane and our hosts were Deb and Barry Shephard of the Vettes of Coastal Maine. Meeting us in Bar Harbor were Jamie & Peggy Towriss with Peggy's sister and husband and Les and Marsha Towriss. In all there were 8 club vettes in attendance as Peggy and Jamie took both their C6 corvettes.

We left Elmsdale at 9:00 am and we had a great trip down, the skies were cloudy, but we had no rain. We had those lovely flashing lights behind us twice, but no one got a ticket. With a one hour stop for lunch and a few short stops on the way down, we still made it in time for supper.

The view of the harbor from our hotel was spectacular and the view from the restaurant was even more incredible. Cruise ships and yachts in the harbor. The fishing fleet coming in and lights on the sandbars from cars traveling to Bar Island. The meal was pricey to say the least, but the view was worth it. The club had a list of recommended restaurants and we tried out some of their recommendations, good food in all and much more reasonable.

If you go to Bar Harbor, you must try the breakfast at Jordans. I had their Blueberry Pancakes three days in a row! Trips to the hotel pool and Jacuzzi and we called it a night.

The next day it rained, so we spent the day walking around Bar Harbor until the meet and greet downtown in the evening. After that it was out for supper and back to the pool and hot tub. Do you see a theme starting here?

The next morning it was pouring down hard, so they decided not to ruin the kids ball field with our cars and held the show in the parking lot. After a picnic lunch it was off on a guided tour of Bar Harbor and Acadia National Park.

What an incredible place for Oceanside scenery. We thought our views from the hotel were good! The views from above the clouds on Cadillac Mountain were hard to describe. Someone commented that the islands in the harbour looked like stepping stones.

Brian would have loved this, we found ice cream at the top of the mountain.

After the tour it was back to the hotel to get ready for the dinner, dance and awards presentation. The theme was Margaritas in BarHarborville. The food was catered and very good, the band was enthusiastic and perfect for the crowd and the awards presentation was hilarious. Those

clubs get very vocal when their members win awards. They even have some sort of secret sign that they make over their heads.

In the end we had some awards won by our club. Four in total; not bad for 8 cars.

Alain and Mary Jane won in their category, Ellery and Anita got a second place for their category and Jamie and Peggy Towriss won two awards, one for his category with the C6Z and the C6Z got another one for fan favorite. Congratulations to all our winners.

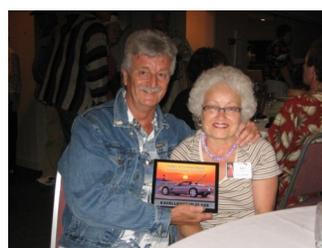

Jamie, you certainly deserved it: after all you were the only one who managed to keep your car water free and highly polished in all that rain.

Needless to say most of us have booked again for next year, and we look forward to seeing our friends again from all the Corvette clubs in the eastern US.

Once again this year we will be going to Bishops Landing in Halifax to spend some time on the Waterfront. Pizza and Wine will be provided for lunch by Bishops Landing.

Then it will be off to Murray and Dianne's for a barbeque and the Virtual Racing Competition. If you didn't get a chance to try this last year, you are in for a treat.

## FRS/GMRS RADIO

The Corvette Club of Nova Scotia recommends that its members use FRS/GMRS radios when travelling with the club on Runs and Road Trips.

You can purchase these radios at large retailers such as Canadian Tire, Zellers and Staples.

They usually run between \$60 and \$120.

The CCNS and all corvette clubs use Channel 5.

Please remember that the club recommends that you follow provincial law regarding hand held devices while operating a motor vehicle.
